

GIVING

You may be wondering how to continue giving to the church while we are unable to worship together. Following are some options you might consider.

1. Mail - You can simply mail your check to the church at PO Box 114, East Derry, NH 03041. Please only send checks. Please write "Attention Financial Secretary" on the envelope and it will not be opened by staff.
2. Automatic Giving Through Your Bank or Credit Union - Banks and credit unions provide automatic payment options from your checking account. This is usually a free option where the bank sends the check for you. You can set this up by using the online tools offered by your bank.
3. Automatic Giving using Vanco - The church offers an automatic giving system through Vanco. The service is free to the giver. The church pays a small fee.

If you have questions about any of these options, please call the church office 434-0628, Michelle will answer your questions or direct you to the best person to talk to help set up the giving process of your choice.
